

Orange and Shea Lip Scrub Recipe

Give your lipstick a perfectly smooth canvas with this lip scrub! This scrub is formulated with cocoa butter, beeswax and luxurious shea olein and is scented with sweet orange essential oil. It tastes just like an orange gum drop! You can use a different essential oil, such as [Spearmint](#) or [Peppermint](#) or one of our [Flavor Oils](#) instead.

INFORMATION

- Difficulty: Beginner
- Yield: 4 Lip Scrubs (1.76 oz / 100 g each)

TIMING

- Prep Time / Clean Up: 5 Minutes
- Perform Time: 5 Minutes
- Setting Time: 10 Minutes
- Total Time: 20 Minutes, 10 Minutes Active Time

SUPPLIES

- [Digital Scale](#)
- Spray Bottle w/ 70% Isopropyl Alcohol
- [Pipettes](#)
- Small Spoon or Spatula
- Small Microwaveable Bowl
- Microwave or Double Boiler and Stovetop
- Freezer
- 4 x [1 oz Round Tins w/ Friction Lids](#)

INGREDIENTS

- 2.1 oz / 59 g [Shea Olein](#)
- 0.35 oz / 10 g Beeswax ([Natural](#) or [White](#))
- 0.71 oz / 20 g [Cocoa Butter](#)
- 1 g / about 1 ml [Sweet Orange Essential Oil](#)
- 3.5 oz / 100 g Sugar

DIRECTIONS

Before starting this tutorial please make sure to read all instructions. Use caution when handling melted oils. Spray work surface, utensils and ramekin with 70% isopropanol and wipe with paper towels.

Place the beeswax, cocoa butter and shea olein in a small microwaveable bowl. Microwave for 60 seconds, stirring every 20 seconds, or until fully melted.

Stir the sugar and essential oil into the scrub base.

Place the scrub in the freezer for 5-10 minutes to harden up a bit before you pour it. If you try to pour the scrub while it's hot, the sugar will sink to the bottom of the tins.

Spoon the scrub into the tins. Place the lids on and enjoy! To use the scrub, place a tiny bit of scrub on the tip of your finger and gently scrub your lips. Gently wipe the scrub away with a damp cloth. (Or lick your lips. We won't tell!)
