

Scented Sachets Recipe

These sachets are the perfect for cars, drawers, gym bags, lockers, or vacuum cleaners. Place them in a sunny window or near vents for an even stronger scent release.

They are SUPER EASY to make, as easy as 1, 2, 3 in fact and they make a great gift as well! Our Potpourri & Sachet Unscented Fixative Base absorbs and holds the scent of the fragrance oil and will retain scent better than potpourri alone. 100% natural, plant-based, non toxic & biodegradable.

INFORMATION

- Difficulty: Beginner

TIMING

- Prep Time / Clean Up: 5 Minutes
- Perform Time: 25 Minutes
- Time in Jar Before Adding to Bags: 2-7 Days
- Total Time: 2-7 Days

SUPPLIES

- [Scale](#) (Optional if you know the amount of base you are using)
- 8 x 3"x5" [Muslin Bags](#) (fits 2 oz base) or 4 x 4"x6" Muslin Bags (fits 4 oz base)
- [Mini Scoop](#) or Spoon
- [Pipettes](#) for adding Fragrance Oils
- Glass Jar(s) (enough for each fragrance used)
- Measuring Cup/Mixing Bowl
- Mixing Spoon/Whisk

INGREDIENTS

- 1 lb [Potpourri & Sachet Fixative Base](#)
- 0.5 oz [Fragrance Oil](#)

Some Fragrance Oil ideas:

- Fragrances for Spring: Blossom, Blue Lilac, Cherry Blossom, and Morning Dew
- Fragrances for Summer: Chilled Sangria, Coco Beach Baby, Bronze Goddess, and Blackberry & Current
- Fragrances for Fall: Balsam & Citrus, Cranberry Chutney, Pumpkin Pie Spice, and Autumn Harvest
- Fragrances for Winter/Holidays: Rocky Mountain Christmas, Christmas Tree, Mistletoe Kisses, and Hollyberry
- For Valentine's Day: Love Spell, Sweet & Sexy, Kissing in the Moonlight, and Patchouli Chocolate

DIRECTIONS

Step 1

Add 0.5 oz (14 g) Fragrance Oil to 1 lb Potpourri & Sachet Unscented Fixative Base or split up your mixture depending on how many fragrances you would like to use. (We used a ratio of 4 oz (113 g) base to 0.125 oz (4 g) fragrance.)

Mix with a whisk or spoon.

Step 2

Place mixture in a glass jar with lid and allow the fragrance to absorb for 2-7 days. (Shake up the mixture occasionally.)

Step 3

Package in muslin bags, label & you're done

WARNING

Do not place scented potpourri on wood, plastic, or painted surfaces as any unabsorbed fragrance can cause damage to these surfaces. Warning labels on your finished products are recommended to ensure customers use them properly. Testing is always recommended to ensure desired results are achieved.

1 lb = 4 cups
